

Flora of San Jacinto Peak, San Jacinto Mountains

#	JM Family	Scientific Name	(*)Common Name	# Plants/ Locations	V
1	Dryopteridaceae	Cystopteris fragilis	brittle bladder fern		V
2	Pteridaceae	Cryptogramma acrostichoides	American parsley fern		V
3	Selaginellaceae	Selaginella watsonii	Watson's spike-moss	5/1	V
4	Pinaceae	Pinus contorta ssp. murrayana	lodgepole pine	50/9	V
5	Pinaceae	Pinus flexilis	limber pine	99/9	V
6	Brassicaceae	Draba corrugata var. saxosa	Southern California rock draba		V
7	Caprifoliaceae	Symphoricarpos rotundifolius var. parishii	Parish's snowberry	5/5	V
8	Caryophyllaceae	Silene parishii	Parish's campion	3/3	V
9	Fabaceae	Lupinus hyacinthinus	San Jacinto lupine	20/9	V
10	Fagaceae	Chrysolepis sempervirens	bush chinquapin	30/9	V
11	Grossulariaceae	Ribes cereum var. cereum	wax currant	20/9	V
12	Grossulariaceae	Ribes montigenum	mountain gooseberry	30/9	V
13	Lamiaceae	Monardella australis	southern mountain-monardella	10/9	
14	Onagraceae	Epilobium canum ssp. latifolium	mountain California-fuchsia	5/1	
15	Polygonaceae	Oxyria digyna	alpine mountain-sorrel	5/1	V
16	Portulacaceae	Calyptidium monospermum	pussy paws		V
17	Portulacaceae	Calyptidium parryi var. parryi	Parry's sand cress		V
18	Ranunculaceae	Aquilegia formosa	western columbine		V
19	Ranunculaceae	Ranunculus eschscholtzii var. oxynotus	Eschscholtz's buttercup	5/1	V
20	Rosaceae	Holodiscus microphyllus var. microphyllus	mountain spray	20/5	V

21	Rubiaceae	<i>Galium parishii</i>	Parish's bedstraw	10/1
22	Saxifragaceae	<i>Heuchera hirsutissima</i>	shaggy-haired alumroot	20/9 V
23	Scrophulariaceae	<i>Cordylanthus nevinii</i>	Nevin's bird's beak	V?
24	Scrophulariaceae	<i>Pedicularis semibarbata</i>	pine lousewort	3/1 H
25	Cyperaceae	<i>Carex feta</i>	greensheath sedge	V
26	Cyperaceae	<i>Carex mariposana</i>	Mariposa sedge	V
27	Cyperaceae	<i>Carex multicosata</i>	many-ribbed sedge	V
28	Cyperaceae	<i>Carex subfusca</i>	brown sedge	99/9 V
29	Poaceae	<i>Trisetum spicatum</i>	spike trisetum	V
